

Heroin

The Tiger Lillies

I'll piss in the eye of your Saviour
I'll piss in the eye of your Queen
And I'll piss in the eye of all that you cherish
And I'll piss everywhere that is clean

I'll piss in the eye of your glorious future
I'll piss in all of your dreams
I'll piss in the eye of all that you dreamed of
I'll piss everywhere in between

My name is heroin

Well the last time I saw you
you were down by the river
A teardrop for each of your sins
Well you said that for you it was too late
Some you lose you I did win

My name is heroin

So I'll take another young girl
Who likes to hear me sing
Well I have sung to millions
And to each one I was the King

My name is heroin

Well my disciples they smash your car windows
They do anything to me please
I am I am
The special disease

My name is heroin

Well my disciples, they steal your car stereos
They'll rob you they'll mug and they you maim
And they do it for me yeah they do it for me
They do it again and again

My name is heroin
