

## Marseille

The Tiger Lillies

In a graveyard in Marseille  
Where we dreamt our lives away  
A long long time ago  
Well I love you so

Well I know you won't be saved  
By romantic words I say  
But I love you so  
A long long time ago

Well we're by forgotten graves  
Where no one now does pray  
And we hold hands which we know time  
Is gonna pull away

By another's grave  
Christmas cards are lain  
Which say I love you so  
A long long time ago

Well we're by forgotten graves  
Where no one now does pray  
And we hold hands which we know time  
Is gonna wrench away

In the graveyards of Marseille  
In the graveyards of Marseille  
A long long time ago
