

William you fool  
Don't you know cards are banned  
William you fool  
Can't you deal a straight hand

We've read your school reports  
And teacher's agreed  
You deal in stolen goods  
And invest with the Leeds

We are a rotten disease  
We steal what we want  
When we please

There's stock on the market  
And there's land to deal  
So finish your schooling  
And then it's for real

You're showing promise now  
Please play it straight  
And only steal things  
Approved by the State

We are a rotten disease  
We steal what we want  
When we please

Oh we are a rotten disease  
We steal what we want  
When we please  
Oh we are a rotten disease  
We steal what we want  
When we please
