The Tony Danza Tapdance Extravaganza

I'm still in complete disbelief That you could lie through your
teeth After putting your clothes on that fast Yo give her a ro
und of applause

Don't ever again play those games That you do cause you do Don'
t ever again play those games Cause I know that you want to Don
't! Cause I know you want to

I'm still in complete disbelief That you could lie through your
teeth After putting your clothes on that fast Yo give her a ro
und of applause

Don't ever again play those games That you do cause you do Don'
t ever again play those games Cause I know that you want to Don
't! Cause I know you want to

Suck on the tip of this life And don't forget to choke

Don't ever again play those games That you do cause you do Don'
t ever again play those games Cause I know that you want to Don
't! Cause I know you want to Don't!

Cause I know you want to (8x)
