

Unchain My World

The Treatment

Did I ever tell you
That I never really needed paradise
Did I ever tell you
That something small, well, could be just as nice
A world ever-changing
I can feel the concrete set between my feet (all that's needed
is the truth)
I'm still fascinated
How deep inside I feel so incomplete, indiscreet

Unchain my world
Unchain my world
Unchain my world
Cos you're all I've really got

My life's a picture book
With discolouration from the midday sun
That little hope you took helped make the man
That man that I've become, yeah
I couldn't find the words to say
Doesn't matter anyway

Unchain my world
Unchain my world
Unchain my world
Cos you're all I've really got
Cos you're all I've really got

Unchain my world
Unchain my world
Unchain my world
Cos you're all I've really got
