## **Be Mine**

## The Tremeloes

There's a special kind of hurt Comes when you are lonely Feeling tearing at my heart Know it's for you only

Reach out for me
Reach out with your loving heart
Be mine... (Be mine for long)
Be mine... (Be mine forever)

In the quiet of my world There's no sound of cheering There's no matter in the sound Lost and no one near me

Reach out for me
Reach out with your loving heart
Be mine... (Be mine forever)
Be mine... (Be mine for long)
Be mine foever...
