

## John and Julie

The Turtles

I am indeed  
John and Julie  
You should know me

If you know me  
I'm with envy  
John and Julie

John and Julie  
Sailed away, far away, years away  
Making love again

I'm with them every day  
See them play in their play  
They know who I am

You should know me

John and Julie

John and Julie  
Sailed away, far away, years away  
Making love again

I'm with them every day  
See them play in their play  
They know who I am

I am indeed  
John and Julie  
You should know me

If you know me  
I'm with envy  
John and Julie
