

Love It Like This

The Twang

Your Beats are totally out of time
Conflicting thoughts that run my mind
Stop me doin things I wanna Dooo

And your Words are totally out of sync with mine
Some times I catch you lookin for a small sign
To tell you things are gonna be cool

And I'll Be behind you if you fall
While you aint standing tall tall
If you get kicked down just get up get up get up get up
While you bin writin your bran new track my favrout music n you bak
Tell em my name and they will shut up shut shut up

Shut up cos I've had far to many drinks
I'm woffling on n talkin n shit
I kind of like I might just another in a moment clabber or two
I love it when I feel like this
Though I think your takin the piss
Well I know why I'm here I fed up n he wont n she wont
An am not I love it when I feel like this
Don't talk tha much jibberish
Well I know why I'm here I fed up n he wont n she wont An I don't care

Cos there beats are totaly out of time
Conflicting thoughts than run through there minds
Stop em doin things they wanna do
