The Twilight Sad

You're so sincere
I know you're a liar
Oh so sincere
We all love a trier

Nowhere to hide from this
What have they done to you

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

Closing our ears
I know you're a liar
Oh so sincere
No smoke without fire

You stood there and you watched it
You stood there and you watched it happen
You stood there and you watched it

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

Do you think that we're scared?
And they won't come for you?
Will they come for you?
We will come for you

You took my eyes
You took my eyes
You took my eyes
You took my eyes

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

I can't believe you hit me
I don't know where to go
I can't believe you hit me
And it'll never show

You took my eyes
You took my eyes
You took my eyes
You took my eyes
