

# I Could Give You All That You Don't Want

The Twilight Sad

She put your toys away  
You carried them and scraped your face  
You leave with the dogs again  
And she's at the back again

And you said she went away  
You carried them and scraped your face  
And she's at the back again

So cold, I know where you go  
You're telling me no  
So cold, I know where you go  
Stop telling me no  
So cold, I know where you go  
You're telling me no  
So cold, I know where you go

You put your toys away  
Tried to remember your face  
You left with the dogs again  
And she's at the back again

I could give you all that you don't want  
I'll give you all that you don't want  
I could give you all that you don't want

So cold, I know where you go  
You're telling me no  
So cold, I know where you go  
Stop telling me no  
So cold, I know where you go  
You're telling me no  
So cold, I know where you go

She keeps on calling  
I don't know where  
She keeps on coming  
I don't know where  
She keeps on calling  
And calling me where you go  
And telling me no

She said "Pray over there"  
She sat and prayed over there  
How dare you decide what's right?  
No, you won't  
No, you won't  
No, you won't

She keeps on calling  
I don't know where  
She keeps on coming  
I don't know where  
These silly little girls don't shine  
These silly little girls don't shine

So don't dare

Don't you there say no  
So don't dare  
Don't you there say no  
So don't dare  
Don't you there say no

And dim a little light low  
And dim a little light low
