

## I/m Not Here [missing face]

The Twilight Sad

You're too close for comfort  
You're too close to comfort me  
It's too close for comfort  
It's too close to comfort me  
It won't stop if the tears come back  
I'll drink everything inside  
It doesn't stop when the tears run dry  
I'll take everything inside

I don't wanna be around you anymore  
I can't stand to be around you anymore  
I don't wanna be around you anymore  
You don't wanna be around me anymore  
I don't wanna be around me anymore  
You can't stand to be around me anymore

I'm not here  
And it's all too  
Far too clear

Forgot the summer  
There's no light so I can't see  
You're too close for comfort  
You're too close to comfort me  
Will you stop if the tears come back  
I'll drink everything inside  
Will you stop when your tears run dry  
I'll drink everything inside

I don't wanna be around you anymore  
I can't stand to be around you anymore  
I don't wanna be around you anymore  
You don't wanna be around me anymore  
You can't stand to be around me anymore  
I don't wanna be around me anymore

I'm not here  
And it's all too  
Far too clear

It's too close  
It's too close  
You're too close  
You're too close

I don't wanna be around you anymore  
I can't stand to be around you anymore  
I don't wanna be around you anymore  
You don't wanna be around me anymore  
I don't wanna be around me anymore  
I can't stand to be around me anymore

Why'd do it?  
Why do you do this?  
Why do you do this to yourself?  
Why do you do this to yourself?  
Why'd do it?

And why do you do this?  
Why do you do this to yourself?  
Why do you do this to yourself?  
And why'd do it?  
And why do you do this?  
Why do you do this to yourself?
