Hey boy in the corner there You're keeping people at bay The others dance, you sit and stare It doesn't really have to stay that way Take a chance and free yourself Don't get left on the shelf

Hey girl on the dance floor
Don't get carried away
You're looking good, but are you sure
You look so good by the light of day
Take a chance and free yourself
Don't get left on the shelf

Love system, love system - all have the chance Love system, love system - get up and dance Love system, love system - everyone's there Love system, love system - let down your hair

Love system, love system...

Hey mother it can't be true You're just not making sense Now you're alone it won't help you To sit alone on the garden fence Take a chance and free yourself Don't get left on the shelf

Love system, love system - all have the chance Love system, love system - get up and dance Love system, love system - everyone's there Love system, love system - let down your hair

Love system, love system...

Cause I know that there's a love system It's a circus, it's a fate If you're unhappy, trust the love system Now is never too late

It's up you to change your way of life Take a chance and free yourself Don't get left on the shelf

Love system, love system...
