

Nights, Lights And Shadows

The Twins

Night, lights and shadows
And you by my side
No more love in the darkness
We will teach you all

The sun's on the other side
Waiting to shine again
But that's no reason
To sleep at night

Night, lights and shadows
And you by my side

All I can do, is tell you about it
Now it's up to you, to do what you like

See all the children
Cruising in the streets
Nobodys children
No one's taking care

Don't throw your life away
Don't waste your time
You have to realize
what you have to do

All I can do, is tell you about it
Now it's up to you, to do what you like (repeat)
