

## Younger Days

The Twins

I think back to younger days -  
when I got in touch with girls  
I was always excited -  
and had my first sleepless nights

Everyday I lost my heart -  
to another girl I met  
To hold her was all I wanted

Day by day I have to pay  
Here I stay old and grey  
Younger days they never return

I think back to younger days...
