

## Julie Ocean

## The Undertones

So sad to see you've got silver  
She's gonna break your dancing heart  
Nothing good lasts forever  
And sometimes nothing starts

Julie Ocean - always on fire  
Julie Ocean - crazy desire

You can't scratch her serious anger  
Or touch her sensitive nerve  
Watch her faking her power  
Smiling as she would

Julie Ocean ...

That's typical girl
