```
I'm a little intellectual
Someone who knows it all
I could be your summer special
You could be my New York doll
My doll
My doll
My doll
I'm a little intellectual
Someone who knows it all
I could be your summer special
You could be my New York doll
My doll
My doll
My doll
Smarter than you
Smarter than you
Smarter than you
Can't you see I'm
Smarter than you
Smarter than you
Smarter than you
Can't you see
I met you, we talk a little
Find you fascinating by five past ten
I kiss you and call you later
Cos I want to see you again
I want to see you again
I want to see you again
Smarter than you
Smarter than you
Smarter than you
Can't you see I'm
Smarter than you
Smarter than you
Smarter than you
Can't you see I'm
Smarter than you
Smarter than you
Smarter than you
Can't you see I'm
Smarter than you
Smarter than you
Smarter than you
Can't you see I'm smart
