

# Revolution

## The Used

(All revolutions are impossible until they happen, then they be  
come inevitable)  
It's not enough to kill the past  
Be blind to history  
And all at once there's a black cloud coming  
Made of gasoline  
I see that you have set the price  
Make sure that nothing's free  
One way to move forward  
Is to learn who's stopping me  
Yeah! this is the end, this is the end  
Calling for revolution  
Yeah! this is the end, this is the end  
Calling for revolution  
Burn like a fire in the rain  
Like a fire in the rain  
This is the end, this is the end  
Calling for revolution  
Yeah!  
We looked at the price tag and it's one we can't afford  
We were taught that progression means accumulating more  
It's not to protect ourselves so why are we at war  
Isn't it obvious we're adding up the score  
Yeah! this is the end, this is the end  
Calling for revolution  
Yeah! this is the end, this is the end  
Calling for revolution  
Burn like a fire in the rain  
Like a fire in the rain  
This is the end, this is the end  
Calling for revolution  
Yeah!  
I'll never turn my back on where I'm from  
I'll never stop believing  
I'll always love my home
