

Say Days Ago

The Used

I still remember a year ago
The times we spent
I feel that I'm happier now
I'm up from the down
By all means
It's strange 'cause I feel the same way
I think of what it looks like
I think of what it tastes like
I think of what it looks like
I think of what it tastes, tastes
Same strange
Said it's strange 'cause I feel the same
Same strange, same strange 'cause I feel the same
Still remember what it tastes like, what it felt like
Makes me ill, me ill
Strange 'cause I feel the same
I think of what it looks like,
I think of what it tastes like,
I think of what it looks like,
I think of what it tastes, tastes
Same strange, same strange 'cause I feel the same,
Same strange, same strange 'cause I feel the same
Still remember what it tastes like, what it felt like, felt like
e
Same strange cause I feel the same
God, it makes me ill, makes me ill, makes me, makes me ill
God it makes me ill (3x)
Makes, uh
