## Don't Make Me Get My Fat, Lazy Ass Off This Couch

The Vandals

I know it's not my fault I've been held back, under attack by p arents,

Teachers, lawyers, past employers, that hold me down.

My efforts all disgraced and criticized, thrown in my face.

They're only joy to plot and foil my conquests, and hold me dow n.

I hope they're happy now.

I blame the people who are in front of me,

Deliberatly they block me from my dreams and progress.

I just let them win.

And never try again.

I've never stood a chance.

My bets laid plans we're quickly dashed by cheaters, theives an d squealers-

Glory stealers, that hold me down.

I hope they're happy now.

I blame the people who are in front of me,

Deliberatly they block me from my dreams and progress.

I just let them win.

And never try again.

I gave it one last shot,

They knocked me down and ripped me off again they win, I quit.

They won't admit it, they hold me down.

I hope they're happy now.

I blame the people who are in front of me,

Deliberatly they block me from my dreams and progress.

I just let them win.

And never try again.
