

Don't Take It out on Me

The Veer Union

You're always ending up at the bottom
(Thinking it over, you're thinking it over)
The life you've given up left you hollow
(Too late to start over)

Oh will I have to lie awake again wondering
If you are about to break?

Don't take it out on me
([?] you on mistakes)
Don't take it out on me
Don't take it out on me

Will I have to lie awake again 'cause of you?

Another day has gone out for healing
(Thinking it over, you're thinking it over)
You hear the past way now to feeling
(Too late to start over)

Will I have to lie awake again wondering
If you are about to break?

Don't take it out on me
([?] you on mistakes)
Don't take it out on me
Don't take it out on me

Oh will I have to lie awake again?

Will I have to lie awake again wondering
If you are about to break?

Don't take it out on me
([?] you on mistakes)
Don't take it out on me
Don't take it out on me
Don't take it out on me

Oh will I have to lie awake again?
