

Last Regret

The Veer Union

All the words you said to me
Guess I was not listening
You drew the picture in the frame
But I was not focusing

You say
That I'll always be the same
Tell me
Can you tell me?

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find
Nothing left to unwind
Cause I can't forget
My last regret

The closer that you come to me
The further that I push away
Voices circle in my brain
As I slowly go insane

You say
That I'll always be the same
Tell me
Can you tell me?

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find
Nothing left to unwind
Cause I can't forget
My last regret, my last regret

I can't forget, my last regret
I can't forget, my last regret
I can't forget, my last regret

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find
Nothing left to unwind
Cause I can't forget
My last regret

I can't forget, my last regret
I can't forget, my last regret
I can't forget, my last regret
