Last Regret

The Veer Union

All the words you said to me Guess I was not listening You drew the picture in the frame But I was not focusing

You say
That I'll always be the same
Tell me
Can you tell me?

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find Nothing left to unwind Cause I can't forget My last regret

The closer that you come to me The further that I push away Voices circle in my brain As I slowly go insane

You say
That I'll always be the same
Tell me
Can you tell me?

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find
Nothing left to unwind
Cause I can't forget
My last regret, my last regret

I can't forget, my last regret I can't forget, my last regret I can't forget, my last regret

Can I get one more try
One more chance to rewind
Cause I can't forget
My last regret

All I wish is to find Nothing left to unwind Cause I can't forget My last regret

I can't forget, my last regret I can't forget, my last regret Tistor, pistorget, my last regret
