

Stay Away

The Veer Union

All your questions
Make no sense
But you keep asking
For the answers to
Your contemplation of them
You can't figure out

Stay away
So you flow in here
Stay away
So you flow in here

Oh yeah

You're so self-intelligent
But you're blind to
All your flaws that
You have held
And just let go
And freed yourself
Oh you might as well

Stay away
So you flow in here
Stay away
So you flow in here
Stay away
So you flow in here

Stay away
So you flow here

Stay away
So you flow in here
Stay away
So you flow in here
Stay away
So you flow in here
Stay away
So you flow in here
