

## Orange Amber

The Vines

Orange amber in the sun  
Shinin' til the day is done  
I remember long ago  
Standin' in that orange world

How did the time  
Just slip away?  
I'd do anything to make it stay

Orange amber in the sun  
Shinin' til the day is done  
I remember long ago  
Standin' in that orange world

Been searchin' high, been searchin' low  
Well there ain't no better place to go

Orange amber in the sun  
Shinin' til the day is done  
I remember long ago  
Standin' in that orange world

Orange amber  
Orange amber  
Orange amber  
Orange amber
