

## Sun Child

The Vines

Sun child  
You're a sun child  
Awoken by the spirit of the day  
Will I wild  
Speaking so mild  
Forgot about the engine in the rain  
Don't let it bring you down  
For us that ain't the way  
We'll keep our lives reserved  
For those who have to pray  
But I can't

Sun child  
You're a sun child  
Awoken by the spirit of the day  
Will I grow wild  
Speaking so mild  
Forgot about the engine in the rain

Don't let it bring you down  
For us that ain't the way  
We'll keep our lives reserved  
For those who have to pray  
But I can't
