

How Deep Lies Tartaros?

The Vision Bleak

I know the entrance to a place,
where dark shadows reign!
Once you've fallen in disgrace,
in their spell you will remain.

Tartaros, chasm vast!
Tartaros, abyss of past!

Tartaros, Tartaros!

Trembling, naked I lie!
Licked by tongues of flames so cold.
Here abandon has no ally!
Notions so cruel that endlessly unfold.

Where the pain, where regret,
where the dark compulsion dwells!

Tartaros, Tartaros!

There is no exit from this place,
Where past shadows dwell!
For in their tight embrace,
lies the deepest Hell.

Where the pain, where regret,
where the dark is the truth!

Tartaros, no way to flee.
Tartaros, abyss within me.
Tartaros, no way to flee.
Tartaros, abyss within me.
