The Foul Within

The Vision Bleak

A pure and lovely child Sweet beyond deny It crept into its soul one night Unseen by human eye

Lucifer - Azazel - Belial - Seth

The devil has many a name

Ancient alp - adversary - come forth and reveal

Thy nature thou must proclaim

Lord of all winds, fever and plague
Thy will be done - thy will be done
Bringer of havoc, fiend of old date
Thy will be done - thy will be done
By god and the heavens
Let loose from this soul
The name of the father
And lord we extol

Lucifer - Azazel - Belial - Seth

The devil has many a name

Ancient alp - adversary - come forth and reveal

Thy nature thou must proclaim

Lord of all winds, fever and plague
Thy will be done - thy will be done
Bringer of havoc, fiend of old date
Thy will be done - thy will be done
By god and the heavens
Let loose from this soul
The name of the father
And lord we extol

Lord of all heavens, deliver from hell Thy will undone, thy will undone To the power of Christ thou must compel Thy will undone, thy will undone Lord of all winds, fever and plague Bringer of havoc, fiend of old date Thy will is done...
