

Shut Your Mouth

The Von Bondies

Go to sleep little baby
And shut your mouth
It will soon be over
Gonna work things on out

Can you say a good word about us?
Can you say a good thing, good thing?
Can you say a good word about us?
Can you say a good good good good thing?

Go to sleep little baby
And shut your mouth
It will soon be over
Gonna work things on out
Out...

Can you say a good word about us?
Can you say a good thing, good thing?
Can you say a good word about us?
Can you say a good good good good thing?

Ooh, ooh, ooh

Can you say a good word about us?
Can you say a good thing, good thing?
Can you say a good word about us?
Can you say a good good good good thing?

Can you say a good word about us?
Can you say a good thing, good thing?
Can you say a good word about us?
Can you say a good good good good thing?

Can you say a good word about us?
Can you say a good thing, good thing?
Can you say a good word about us?
Can you say a good good good good thing?
