

Glow In the Dark

The Wanted

Yeah

I was on it from the get go
The way you stood out from the crowd
Still shining with the lights low
Even when the sun goes down

When you move, my eyes are locked on you
So I'm stuck, I'm hypnotized
It's the way you shine

'Cause it's like, the strobe light's not as bright as you are
You're the only one that I can see from a far
And I, follow the rays til I get to your heart
I just gotta know who you are

You glow in the dark
You glow in the dark
You glow in the dark
You glow in the dark
I can see you

Glow in the dark

Shocked me like electro
The way you put it down
I should've came here with my shades on
'Cause I'm blinded by you now

When you move, my eyes are locked on you
So I'm stuck, I'm hypnotized
It's the way you shine

'Cause it's like, the strobe light's not as bright as you are
You're the only one that I can see from a far
And I, follow the rays til I get to your heart
I just gotta know who you are

You glow in the dark
You glow in the dark
You glow in the dark
You glow in the dark
I can see you
