

## It's Your Destiny

## The War on Drugs

Yeah maybe torn  
But it seemed like hurting  
I've been struggling  
I've been moving  
Lay me down  
In the fire cooking  
I ain't pushing

Yeah for the [?]  
When you feel like kicking  
It's your destiny  
When you feel like kicking  
It lays down  
In the fires cooking  
I've been moving  
Barely hanging on  
I've been struggling  
It's my destiny  
I got ring-side  
Seats to the game  
Man I feel like kicking  
Just a slave to the game
