

# Always Dancing, Never Getting Tired

The Waterboys

I've climbed high with you  
I've run dry with you  
I've climbed high with you  
I've run dry with you  
How did I find you?  
How did I lose you?  
How did I find you?  
How did I lose you?

Always dancing, always dancing  
Never ever getting tired  
Always dancing, always dancing  
Never ever getting tired

Millions of people  
Every one like you  
Millions of people  
Every one like you  
I feel you move me  
In such sweet silence  
I feel you move me  
In such sweet silence

Always dancing, always dancing  
Never ever getting tired  
Always dancing, always dancing  
Never getting getting tired

I don't know where I  
Get all my tears from  
I don't know where I  
Get all my tears from  
I don't know where I  
Get all my tears from  
I don't know where I  
Get all my tears from

Always dancing, always dancing  
Never ever getting tired  
Always dancing, always dancing  
Never ever getting tired

Underneath are the everlasting arms
