

Continental Shuffle

The Whispers

You look so good when you're dancin'
Can I have a chance
Come and dance with me
There's a new dance in town
That is sure to go all around the world

Everybody's doin' the continental shuffle
Ah, shuffle, baby, shuffle, yeah
Everybody's throwin' down
Girl, you know I am waitin'
Let's dance to the funky sounds

Tonight's the night
Baby, I want to keep on dancin'
Right now until the morning comes
On and on
We'll shuffle on the dance floor
I know you can do it

You look so sweet when you're dancin'
Could lead to romancin'
Come dance with me
Girl, I can see you look good
But there's one thing I wonder about you

Hey, baby, can you do the continental shuffle
Ah, shuffle, baby, shuffle, yeah
Everybody's throwin' down
Girl, you know I am waitin'
Let's dance to the funky sounds, yeah

Tonight's the night
Baby, I want to keep on dancin'
Right now until the morning comes
On and on
We'll shuffle on the dance floor
You can do it
I can tell you know how to do it

Tonight's the night
Baby, I want to keep on dancin'
Might just lead to a little romance
On and on, the continental shuffle
You can do it
Move your pants and dance

You look so sweet when you're dancin'
Could lead to romancin'
Come dance with me
Girl, I can see you look good
But there's one thing I wonder about you

Hey, baby, can you do the continental shuffle
Ah, shuffle, baby, shuffle, yeah
(The continental shuffle)
Everybody's throwin' down
Girl, you know I am waitin'

Let's dance to the funky sounds

Yeah, yeah

Everybody's doin' it, doin' it, doin' it

You look so good when you're dancin'

Move your pants and dance

The continental shuffle, on the floor again

You look so sweet when you're prancin'

Could lead to romancin'

The continental shuffle, on the floor again

Yeah, yeah, yeah, yeah

Everybody's throwin' down

Girl, you know I am waitin'

Let's dance to the funky sounds
