

Disco Melody

The Whispers

Hey, baby
Let's stay home tonight
I'll remove the coffee table
And you'll turn down the lights
A little wine and The Whispers

Mmm, round and round our dance floor
We will dance beneath the lights so slow
How the music makes us high
A dance for you and I
And when we lend our time within
The music will make us spin
To the disco melody
A dance for you and me

Ooh, dream maker
Don't you pass the time goodbye
Song player
Play the song for you and I
We will think of all our lovely things
When we begin to stroll
Here we go
(Here we go, here we go, ooh...)

Ooh, round and round our dance floor
You know the love we have begins to show
The music makes us high
A dance for you and I
Holding hands will make us feel
The lovely things we know are real
A disco melody
A dance for you and me

Ooh, dream maker
Don't you pass the time goodbye
Song player
Play the song for you and I
We will think of all the lovely things
When we begin to stroll
Here we go
(Here we go, here we go)
Here we go
(Here we go, here we go)

Ooh, dream maker
Don't you pass the time goodbye
Song player
Play the song for you and I
We will think of all our lovely things
When we begin to stroll
Here we go
(Here we go, here we go)
Here we go
(Here we go, here we go)
Here we go
(Here we go, here we go)

Round and round our dance floor
You know the love we have begins to show
The music makes us high, yeah
A dance for you and I
Holding hands will make us feel
The lovely things we know are real
Just a disco melody
A dance for you and me

Ooh, dream maker
Don't you pass the time goodbye
Some player
Played the song for you and I
We will think of all our lovely things
When we begin to stroll
Here we go
Here we go
Here we go
Here we go...
