

## Does She Care

The Whispers

Does she care  
Does she care

I'm like a candle waiting for a light  
Hanging like a bell waiting for a ring  
What price will I have to pay  
For her sweet love just to come my way

Why won't she care  
Oh, somebody tell me, please  
Does she really care, oh...  
(Does she care)  
Please, please, please  
Say her love's for me  
Oh, tell me  
(Does she care)  
Say her love's for me

Like a rose that grows sweet by the road  
And hopin' we'll go to a lover's cozy nest  
The birds flying in the air  
Chanting melodies of our love  
What price will I have to pay  
For her love to come my way

Why won't she care  
Oh, somebody tell me, please  
Does she really care, oh...  
(Does she care)  
Please, please, please  
Say her love's for me  
Oh, tell me  
(Does she care...)
