

Give Me A Little Love

The Whispers

If you think that our love is a fairytale
Listen, baby
Let me tell you that fairytales come true
And, oh yes, they do
But just make sure they're good
Oh, and everything you do
You've got to give a little love
So love can give to you

And, oh, if you wait, wait for a love
To knock upon your door, listen, honey
Then I, I suggest you change your views
Oh, yes, I do
'Cause you'll wait and you'll wait and wait
Whoa, because you never knew
You've got to give a little love
So love can give to you

Oh, whoa, yeah
Just make sure they're good
Oh, yeah, and everything you do
You've got to give a little love
So love can give to you
And oh, yeah, yeah

(Give a little love)
You've got to give a little love, girl
(Give a little love to you)
And everything and everything
And everything you do
(Give a little love)
I, I suggest, yeah
(Give a little love to you)
You change your views, yeah...
