

Happy Holidays to You

The Whispers

Lots of happy little children waiting for sunrise
A stocking full of candy and a big surprise
Look at the happiness in their eyes
They're glad it's Christmas

People caroling into the night
Where the snow is falling
There are sleigh bells rides tonight
We'll snuggle to a nice warm fire
I'm glad it's Christmas

But before this day gets under way
Think of how much love you wish to give today
Then wonder why we can't give it all every day
There is no reason
Every season needs love

People really need one another
Men, women
Boy, girl
Sister and brother we wish to
Wish happy holidays to you
(Happy holidays, happy holidays)
Happy holidays to you

And for this holiday season celebration
Let's lift our hands to the holy nation
To say Thank You, Father
(Thank You, Father)
Happy birthday to Your Son
Happy holidays to you

Hope is the strength we need
Love is to share [Incomprehensible]
Peace is to be with everyone
Hey, hey, hey

Happy holidays to you
(Happy holidays, happy holidays)
To you, yeah
Happy holidays to you
(Happy holidays, happy holidays)

You see, people really need one another
Men, women, boy, girl
Sister and brother
We wish to

Wish happy holidays to you
(Happy holidays, happy holidays)
Happy holidays to you
We wish you happy holidays, whoa, ho, who
To you, to you, to you

Happy holidays to you
From The Whispers
(Happy holidays to you)
