

Love Is a Dream

The Whispers

They say that love is a dream come true
And now I know what they mean (Ooh, baby)
Since you've been here (Oh, darling)
You make my life so real
(You make my life, you make my life)
By giving your love

They say that love is a game we play
Pretending from day to day (Ooh, baby)
Letting our pride hide (Oh, darling)
All the things we feel inside
(Inside, inside)
But our hearts really know

(You are my love)
You're my love, baby (You are my life)
You make my days (You make my days)
Ooh, you make them so bright, so bright, so bright, baby
(You make my nights)
(My nights)

Ooh
You are my love, you are my life
Ooh
Ooh-ooh-ooh-ooh

They say that falling in love, ooh, feels so good
'Til you just can't cut it a-loose (Ooh, baby)
Even in the end (Oh, darling)
You just keep holding on
(Holding on, holding on)
Mornings after the love has gone
Oh

(You are my love)
You're my love, baby (You are my life)
You are my life (You make my days)
Really make my days bright (You make my nights)
(My nights)

Yeah
Ooh
Oh baby, oh baby

They say that love is a game we play
Pretending from day to day (Ooh, baby)
Letting our pride hide (Oh, darling)
All the things we feel inside
(Feel inside, feel inside)
But our hearts really know

(You are my love)
You are my love (You are my life)
You're my life, baby (You make my days)
You make, you make my days (You make my nights)

(You are my love, you are my life)

Nobody, nobody but you
(You make my days, you make my nights)
Swear to God you make me feel alright
(You are my love, you are my life)
(You make my days, you make my nights)
Ooh, you make me feel alright all night, baby

Oh, your love is a dream
I like the way you make me feel, baby
Ooh
You are my love
You are my life
You make my days, you make my days
Hey, you make my nights
