

Never Too Late

The Whispers

Never too late for your good lovin' baby
Never too late for your good lovin' baby

A diamond in the night sparking in the sand
Afraid to give your love to just any man
But you can't fight the wisdom of destiny
That leads you finally like a ship lost at sea
To be so willing to be all you'll ever need

Never too late for your good lovin' baby
Never never
Never too late for your good lovin' baby
Too late for love
And I'll always love you girl
Never too late for your good lovin' baby
Never ever
Never too late for your good lovin' baby
Never too late for your love

Even a broken clock is right twice a day
So give yourself another chance, Cupid's on his way
Please don't cheat us both out of this love we need
I'm here to bring you pleasure, impossible to measure
As your lover, friend or whatever...till eternity

Never too late for your good lovin' baby
Never never
Never too late for your good lovin' baby
Too late for love
And I'll always need you girl
Never too late for your good lovin' baby
Never ever
Never too late for your good lovin' baby
Never too late for your love, ooh

I can't believe
That you gave your love to me
Every time that I'm with you baby
It feels so good to me

Never too late for your good lovin' baby
Never never
Never too late for your good lovin' baby
Too late for love
And I'll always love you girl
Never too late for your good lovin' baby
Never...
Never too late for your good lovin' baby
Too late for love, ooh...
Never too late for your good lovin' baby
I'm gonna' always need you and need you
Over and over and over and over again
Never too late for your good lovin' baby
For the rest of my life...
