

## On Impact

## The Whispers

Love came in strong on me, yeah

In the heat of the night  
I must've lost control  
In the heart of the passion  
You stole into my soul

Your desire had its way  
No ruses or pretending  
The tension was high  
And the magic was never-ending

I was lost the moment that I found you  
And put my arms around you  
I'm over the edge and gone  
I woke up in heaven with the daybreak  
Girl, my heart's been through an earthquake  
A terminal case, baby, of love, love, love, love

Love killed on impact  
Girl, your kisses slayed me  
Love killed on impact  
I'm a victim of a love attack

You stalked like a cat  
Never saw you coming  
You were there, that was that  
My defenses came undone

You're a girl who knows what she goes after  
There was music in your laughter  
Well, how can a man be strong  
I'm a guy who's always been so weary  
This lightning love was scary  
My heart didn't last too long, no, no, no, no

Love killed on impact  
Who could analyze it  
Love killed on impact  
When you detonized it  
Love killed on impact  
That's how fast it acted  
Love killed on impact  
We were fatally attracted

No one ever hit the mark like you did  
Like an arrow straight from Cupid  
Piercing me through the heart  
But what's that you're wearing on your sleeve now?  
Your heart won't let you leave now  
I see that I made my mark, yeah, yeah, yeah, yeah

Love killed on impact  
I slayed you with my kisses  
Love killed on impact  
You're a victim of a love attack  
Love killed on impact

When it hits, don't fight it  
Love killed on impact  
Fire burns if you light it

Love killed on impact  
Impact, baby  
You hit me with your punch  
Love killed on impact  
I'm a victim of a love attack

Love killed on impact  
Love killed on impact  
Love killed on impact  
Love killed on impact

Love killed on impact  
Your love came in strong on me  
Knockin' me to the floor  
Love killed on impact  
Leave me for the count  
Hey, hey, whoo!

Love killed on impact  
Impact, baby  
Your lovin' keeps me so hot  
Love killed on impact

Love killed on impact  
Good, good lovin'  
It's comin' in strong on me  
Love killed on impact...
