

Out the Box

The Whispers

Straight out the box
You're burnin' up my love bones
Baby, oh, yeah
I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah

I feel the fire when you call my name
Not to mention the way you play your game
I can't help thinkin', will friendship be enough
Oh, are you the woman that really fits my love

Ooh, I could tell through just one look
You're the model of a man's desire
Oh, so natural, said I knew with just one look
You thought you knew what they were doin'

I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah
I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah

I could rate you, huh, from one to ten
You take it to the limit, think I'll rate you eleven
You come on strong and I might as well give in
'Cause you have me chasin' you before this night ends

Ooh, you could have your pick of any man
But, baby, don't you understand
Can you be sure they'll satisfy you like I can
You'll stay number one on my love chart

I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah
I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah

Givin' it to you
Straight out the box
Baby, you're my kind of lover
Out the box
Baby, you're my kind of lover
I knew it from the start
Out the box, yeah
Baby, you're my kind of lover
Talkin' 'bout a feelin'
Out the box
Strong feelin'

Baby, you're my kind of lover
Hey, yeah

Because you won't wait, won't wait
Because you won't wait, won't wait
Because you won't wait, won't wait
Because you won't wait, won't wait

I feel the fire when you call my name
Not to mention the way you play your game
I can't help thinkin', will friendship be enough
Oh, are you the woman that really fits my love

Ooh, I could tell through just one look
You're the model of a man's desire
Oh, so natural, said I knew with just one look
You thought you knew what they were doin'

I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah
I'm givin' it to you
Straight out the box
You're burnin' up my love bones
Baby, oh, yeah

Givin' it to you
Straight out the box
Baby, you're my kind of lover
I knew it from the start, yeah
Straight out the box
Baby, you're my kind of lover

Straight out the box
You're burnin' up my love bones
(Baby, you're my kind of lover)
Baby, oh, yeah
Givin' it to you
Straight out the box
You're burnin' up my love bones
(Baby, you're my kind of lover)
Baby, oh, yeah...
