

# Seems Like I Gotta Do Wrong

The Whispers

Another day has come and gone  
In a world where I don't belong  
Another week has passed me by  
It's not because I didn't try

Nobody saw me walking  
And nobody heard me talking  
Seems like I gotta do wrong,  
Gotta do wrong, gotta do wrong  
Before they notice me

Another job that I just can't get  
A nice apartment, the landlord jut won't rent  
I go to bed, but my sleep just won't come  
My belly's empty and my brain is numb

Nobody saw me walking  
And nobody heard me talking  
Seems like I gotta do wrong,  
Gotta do wrong, gotta do wrong  
Before they notice me

Seems like I gotta do wrong  
Before they notice me

Ooh, ooh, ooh, ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh, ooh, ooh, ooh

I go to bed, but my sleep just won't come  
My belly's empty and my brain is numb

Nobody saw me walking  
And nobody heard me talking  
Seems like I gotta do wrong,  
Gotta do wrong, gotta do wrong  
Before they notice me

Yes, I do, oh, yeah  
Seems like I gotta do wrong,  
Gotta do wrong, gotta do wrong  
Before they notice me
