

## Small Talkin'

The Whispers

I wasted no time, baby, small talking with you  
I know the weather's nice, and baby, it feels just right  
I won't make no demands but I've got some sweet, sweet plans  
I wasted no time, baby, small talking with you, no  
I wasted no time, baby, small talking with you

'Cause I've got more important things to do with you  
So baby, don't have no fear cause my love is so sincere  
Just give me half a chance if you're into sweet romance  
I wasted no time, baby, small talking with you, nor would I ever do  
I wasted no time, baby, small talking with you  
'Cause I've got more important things to do with you  
My baby

Girl I wanna hold you in my loving arms  
And squeeze you all night long  
I wanna pick you up bringing you down  
My baby

I wasted no time, baby, small talking with you  
I wasted no time, baby, small talking with you  
I wanna love you  
I wasted no time, baby, small talking with you  
I wanna squeeze you, girl  
I wasted no time, baby, small talking with you  
Oh, I wanna squeeze you tight  
I wasted no time, baby, small talking with you
