

Turn Me Out

The Whispers

There was a time a woman's place was in the kitchen
Now we just work like that today
It used to be that I wouldn't even dissent
Not if a woman was about herself she couldn't be about her man

Turned out that I was wrong cause you proved that your love for me was strong
Hey baby, sure we can do it all
Took your space in this world
And they can't argue

Turn me out, never had nobody like you
Turn me out, they way you do
Baby, you turn me out with the little things you do
You turn me out, inside out

It was a man's job to get the bread on the table
You took some of that weight of my shoulder
And I don't mind cause baby, if you're able
It won't hurt my pride just as long as you stay right here by my side

Just keep your love for me
'Cause I believe in the things that you do
Hey baby, there's such a cheer in you
There is no more end to the days and now I never felt love so pure

Turn me out to the start of each new day
You turn me out in every way
Baby, you turn me out and I ain't too proud to say
You turn me out, inside out

You really turn me out
You turn me inside out
Turn me out
Turn me out
Turn me out
Turn me out

It was a man's job to get the bread on the table
You took some of that weight of my shoulder
And I don't mind cause baby, if you're able
It won't hurt my pride just as long as you stay right here by my side

Just keep your love for me
And I believe in the things that you do
Hey baby, there's such a cheer in you
There is no more end to the days and now I never felt love so pure

You turn me out
You turn me out
You turn me out the way you do
You turn me out with the little things you do
You turn me out, yeah baby, you're turning me out
You turn me out
You turn me out

Yeah baby, you're turning me out

You turn me out
You turn me out
You turn me out, never had nobody like you
You turn me out, the way you do
Baby, you turn me out with the little things you do
You turn me out, inside out
You really turn me out
