

Big Red Car

The Wiggles

Jump in the car
And buckle up
And we can ride the whole day long
Jump in the car
Put on my seat belt
And we can ride the whole day long

Ride into town
Walk down the street
Get back in the car
And buckle up into my seat
Yes that's the way we do it
Riding in our big red car

Jump in the car
And buckle up
And we can ride the whole day long
Jump in the car
Put on my seat belt
And we can ride the whole day long

On holidays
We go down to the beach
Get back in the car
And buckle up into my seat
Yes that's the way we do it
Riding in our big red car
