

# Bang!

The Wildhearts

You can't see the candy for the razors  
You're never gonna faze her with what you say  
She's got a certain kind of something  
And I do believe it's working so what the hey?

Come the way you are (Come the way you are)  
Come the way you please (Come the way you please)  
Come the way you were when you brought me to my knees  
Let's stay the way we are (Stay the way we are)  
Let's stay the way we please (Stay the way we please)  
When we're staying calm we don't seem like enemies

And then bang!  
Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man  
God damn, you made me a man  
Bang! Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man  
God damn, you made me a man  
You made me a man  
You made me a man

I tried everything to warn her  
But she got me in a corner and made me smile  
And I can't see her ever leaving  
So long as she is breathing; so long as she's mine

Come the way you are (Come the way you are)  
Come the way you please (Come the way you please)  
Come the way you were when you brought me to my knees  
Let's stay the way we are (Stay the way we are)  
Let's stay the way we please (Stay the way we please)  
When we're staying calm we don't seem like enemies

And then bang!  
Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man  
God damn, you made me a man  
Bang! Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man  
God damn, you made me a man  
You made me a man  
You made me a man

Yeeeeaaaaaaaahhhhhhhh!!!!

Bang! Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man,  
God damn, you made me a man  
Bang! Like a missile nixing my plan  
You fixed this son of a bitch and God damn  
You made me a man

God damn, you made me a man  
You made me a man  
You made me a man
