Mix up, start, stop, start, wait a minute... shut down losing the plot, losing the plot 'til there's nothing to see but the ground head inside a rut - it's like my mind is shut, I hope I cope th is time drink and drugs will only amplify (oo-oo)

(well) I still got my music, so let's give that a try sounds that can soothe you, and sounds that can move you and im prove you child

Caprice (6x)

Help me see this pain doesn't matter - I'm fine no-one get me, I don't get me, no-one get me, I don't get me, I just need a little time

Head inside a rut, the mental link is cut, I'm holding on for l ife

no-one knows quite what to really say, guess they wouldn't make
 a difference
anyway

Friends they can use ya, well friends they can use you and abus $\ensuremath{\text{e}}$ you child

but never be denied, like the circles in the sky, heaven ain't rolling, rolling, rolling...
