

# Schizophonic

The Wildhearts

And once upon a time, so pure and crystalline  
The sounds would change to what the mood defined  
It didn't play a role, it just said bare the soul  
And then we left it up to crowd control  
Without a code of dress within the fold

Then I heard somebody shout: "here is in, and now it's out  
There is no exception to the rule!"  
Showbiz personalities have become authorities  
So take a trip, shake it home  
Make a slip and the time it gets atoned  
Get it in, get it out  
Do it right, then there ain't no doubt  
Well there ain't no doubt; being

Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizo...

If there's a sound you play that doesn't fit today  
Why not just play the bastard anyway?  
Ignore those journalists, with just one mind you miss  
The only voice in what you say is yours  
So don't get lost in corporate corridors

Those that wait to push the knife from the other side of life  
Trying to gain some access into yours  
Oh, but would you be in theirs, shouting orders from your chair?  
Well, SOS, Hindenburg  
Get a life from the things you've seen, not heard  
Mix the colours, and watch the smoke  
If they don't get it then it ain't no joke, no it ain't no joke; it's

Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Well you're never alone with a schizophone  
Well you're never alone with a schizophone

Take your time, speak your mind  
Believe their politics they'll push you on under  
Feel it all, with open eyes  
You know it's hard to fit, you're something unusual  
Be inspired, a freak with pride, it's what they'll never be  
And they will come running, look at them running

Plug it in, let it out  
Look around and there's a lot to shout about  
Speak nothing and you are nothing  
Don't be a dead man sucking on teats  
While the world competes; be

Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Well you're never alone with a schizophone  
Well you're never alone with a schizophone

Well you're never alone with a schizophone  
Well you're never alone with a schizophone

Take a risk from your lone time  
Use it all like a mainline  
Feeling restless? Supersonic?  
Got a ticket, getting on it

Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic  
Schizophonic, schizophonic
