

# Jimmy's Got A Girlfriend

The Wilkinsons

He's all dressed up  
Buying flowers for the first time  
His pick-up's polished  
Shining like a new dime  
There ain't no doubt he's got a secret  
Ain't no way he's gonna keep it  
Listen how the whole town's talking  
They're all sayin' - - - -

Jimmy's got a girlfriend  
We all know where he's been  
Hugging and a-kissing  
Oh Jimmy's got a girlfriend

He's all tore up  
From her lovin' and affection  
And a boy's night out  
These days is just out of the question  
They say he's out there and they don't get it  
But that's just love and that boy's in it  
Cupid's arrow's done been shot  
He didn't duck now

Jimmy's got a girlfriend  
We all know where he's been  
Hugging and a-kissing  
Oh Jimmy's got a girlfriend

Lovestruck  
Starry eyed  
No if's or maybe's  
That boy's gone girl crazy  
Girl crazy, crazy

Jimmy's got a girlfriend  
We all know where he's been  
He's been hugging and a-kissing  
Oh Jimmy's got a girlfriend

They say he's out there and they don't get it  
Jimmy's got a girlfriend  
Hey that's love, oh sweet love  
Jimmy's got a girlfriend  
He's got the girl, he's got the girl  
Jimmy's got a girlfriend
