

Still Standing Tall

The Williams Brothers

Listen

After all these years, we're still standing tall

God is on our side, and never did he let us fall

Some say we wouldn't make it, others say we couldn't take it

All that I'm here to say is that through it all, that we're still standing tall.

We had to cry sometimes, when things didn't go right

Sometime the burdens were over beared, but we refuse to give up the fight

You see god is the savior to overcome, all the _ in our way

He has promised to keep up all in his care

After all these years, we're still standing tall

You see god is on our side, and never did he let us fall

Some say we wouldn't make it, and others say we just couldn't take it no

But I'm here to say through it all, that we're still standing tall

We been through the fire, but we came out as pure gold

Satan has tried to destroy us, but we're determined to reach our goal, yea

You see we're on a mission for the king yes we are

and we ain't about to let nobody turn us around.

God didn't bring us this far to leave us, you see we're headed for higher ground

After all these years, we're still standing tall

You see god is on our side and never did he let us fall.

Some say we wouldn't make it, and others say we just couldn't take it no

But I'm here to say through it all, that we're still standing tall

You see it hasn't been easy, it took alot of fasting and praying to get us where we are today

But I read in Phillipean where it said, " I can do all things through christ who strenghten me"

So many people have talked about us and lied on us behind our back

Threw a rock, and hide their hands

But great on is he, that is withing me, even all he words

So many have dug ditches for us, all the things we never fraid

Because I feel like David when he said, "The lord is my rock and my salvation, who shall I fear"

I said the lord is the strength of my life, and whom shall I be afraid

And I want you to know I will bless the lord at all times, his praises shall continue to be in my mouth

If god before you, aaaaffffttteeeeerr aaaaaaalllllllllll

After all these years, we're still standing tall
