

## Choose Ye

The Winans

Well the time has finally arrived  
You can't run anymore  
There is nowhere else you can hide  
You've been searching oh so very long  
But right now give in  
While the feeling's strong  
Choose ye today whom you will serve  
Will it be God or man  
Well now the choice is yours  
But you must choose ye this day whom you will serve  
Without a moment to loose  
You must choose  
You can feel Him pulling inside  
How long will you ignore that He's knocking at your door  
You've been running oh so very long  
But right now give in  
While the feeling's strong  
Now we speak to you people all over the world  
Salvations plan is for everyone in every land  
So we talk now to the old and young  
And we tell you all in your native tongue
